REPORTING

Monthly Report

The purpose of the report is to document treatment performance, effluent quality and compliance with waste discharge requirements prescribed by Order No. R1-2003-0059. For each calendar month, a self-monitoring report shall be submitted to the Regional Water Board in accordance with the following:

1. The report shall be received in the Regional Water Board office no later than the last day of the following month.
2. *Letter of Transmittal:* Each report shall be submitted with a letter of transmittal. This letter shall include the following:
 - a. Identification of facility: name, address, WDID number;
 - b. Date of report and monitoring period;
 - c. Identification of all violations of effluent limitations or other discharge requirements found during the monitoring period;
 - d. Details of the violations: parameters, magnitude, test results, frequency, and dates;
 - e. The cause of the violation;
 - f. Discussion of corrective actions taken or planned to resolve violations and prevent recurrence, and dates or time schedule of action implementation; and
 - g. Authorized signature and certification statement.
3. *Compliance Evaluation Summary:* Each report shall include a compliance evaluation summary. The summary shall illustrate clearly the facility's compliance with all effluent limitations and other waste discharge requirements. During periods of no discharge, the reports shall certify no discharge.

4. *Results of Analyses and Observations:* Each report shall include the following:
- a. Tabulations of all required analyses, including parameter, sample date and time, sample station, and test result;
 - b. If the Permittee monitors any pollutant more frequently than required by this Permit, using test procedures approved under 40 CFR Part 136 or as specified in this permit, the results of this monitoring shall be included in the calculation and report of the data submitted in the monitoring report; and
 - c. Calculation of all effluent limitations that require averaging, taking of a median, or other calculation.
5. *Report Submittal:* Copies of each monitoring report shall be mailed to:
